

Have I Told You Kevin Whalen

**Have I told you lately - How you brighten my days
Have I told you lately - How you spice up my nights
Have I told you lately - Of all of your wonderful, wonderful ways**

*Have I told you lately
All those things I haven't said lately enough
Have I told you lately
Just how bright your love light shines
All of the time – hmm hmm*

**Have I told you lately - How your smile sparks mine
Have I told you lately - How your love fills my soul
Have I told you lately - How lovely it is that your eyes shine**

*Have I told you lately
All those things I haven't said lately enough
Have I told you lately
Just how bright your love light shines
All of the time – hmm hmm*

**Have I told you lately - My love for you just grows
Have I told you lately - That love knows no bounds
Have I told you *lately*
I love you more - than you will ever - even know**
