

## **In Shades of Blue**

**Kevin Whalen**

**I'm feeling so blue  
I'm feeling so blue  
Don't even know what I'm gona do  
This feeling's got me - through and through  
All I seem to do  
Is have these memories of you  
In shades of blue.**

**I'm feeling so low  
I'm feeling so low  
Caught in a whirlpool - a downward flow  
Which way is up in this tragedy show?  
All I really know  
Is that my fate - it's touch and go  
I feel so low.**

**I'm feeling so blue  
I'm feeling so blue  
Don't even know what I'm going to do  
Caught in a mystery - I don't have a clue  
All I seem to do  
Is have these memories of you  
In shades of blue**

**All I really know  
Is that my fate - it's touch and go  
I feel so low**

**If I could fight thru this haze  
I might find better days  
And not feel so blue**
